I'm a tea drinker myself but I loved the look of this gold brushed tea and coffee set so much that I would also buy the cafetière (€34.95). I like to see my tea brewing so the mix of glass and golden stainless steel on the strainer teapot is perfect (€35.95), while those cups have an elegant sturdiness about them that is much appreciated (set of two €25.95). The whole set would add nicely to a bedroom suite or you could whip it out for afternoon tea and coffee. **mialleur.com**
